# THE *Emily* COLLECTION

Furniture that grows with your family

Cleverly designed to change form and function with your child's growth, The Emily Collection of beautiful youth furniture is built to last a lifetime. Start your newborn's nursery with the clean lines of a sturdy crib or mini crib, complemented with matching changer. Add a chest and hutch with combo dresser and the room is complete. As your baby grows, convert the crib to a toddler bed with a safety guard rail. Or, remove the safety guard rail for a charming day bed, perfect for the playroom. Advance a few years, and the crib transforms once again into a full-size bed, and the mini crib converts to a twin-size bed.

**Infant** M4791 Convertible Crib, M4732 Dresser, M4715 Changer

**Toddler:** M4791 Crib converted into toddler bed (with included guard rail), M4739 Combo Dresser and M4749 Hutch

**Youth** M4791 Crib converted into daybed

**Adult** M4791 Crib converted into Full-size bed using M4799 Conversion Bed Rails, M4739 Combo Dresser
